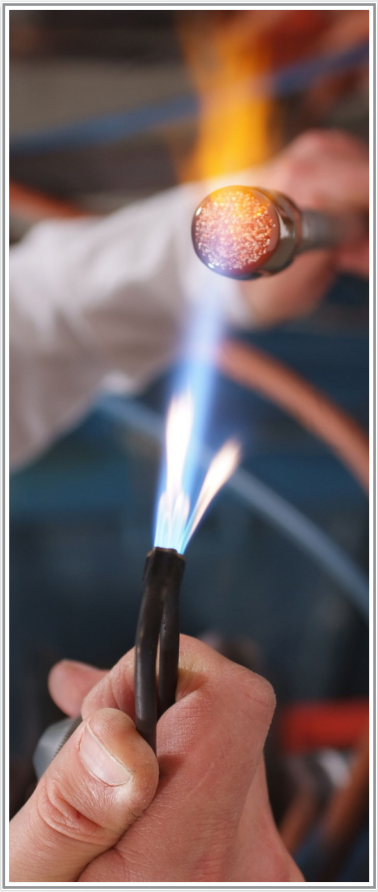
Each item of jewellery tells a story that is deeply personal to you and will shine with its own character. It may remind you of a starry night sky, a wispy cloud up above, or maybe the ashes floating on a gentle breeze.

We are the only genuine makers of Ashes into Glass ® jewellery. We have built the trust in our reputation and our exceptional jewellery since 2006. Our culture of openness and transparency is unique, we welcome visitors seven days a week. You also have the option to visit our workshop to see your own items being created.

We believe that the beauty of such important jewellery should endure to be passed down through generations. The patented process in which Ashes into Glass ® gemstones are made gives them rare qualities of beauty and durability. Multiple layers of molten coloured and crystal glass together with the ashes gives the stone wonderful dimension and depth. The stone is also toughened and its beauty will last, reflecting the timeless bond you share with your loved one.

Each item of jewellery that we produce bears our maker's mark "ASHES". This important mark gives you the assurance and peace of mind associated with genuine Ashes into Glass ® jewellery.



SILVER & WHITE GOLD

Ashes into Glass ® jewellery is unique and exceptional.
Each design has its own distinct style but they are all created with beauty and durability in mind. We believe that such an important piece of jewellery should last for generations.

The gemstones are made in layers of coloured glass, loved ones ashes and molten crystal glass. Our patented process means that they are toughened and their beauty will last for years to come.

We create each stone individually by hand. Each one has its own characteristics and will be as individual as the life that it represents.

Our jewellery collection is designed to hold an engraved personal message or phrase that has special meaning to you.

Rings are hand-made to fit your finger.
Pendants come complete with an 18 inch hallmarked chain.

We have composed five colour tones in glass which beautifully complement the polished mount and your loved one's ashes.

You can also choose to have no colour in the gemstone, the ashes will be visible against a backdrop of precious metal.
